- Action Items/Motions
    - Financial Statement –
        - Investments are less than .5% off of this time last year.
    - Budget vs Actual – Ellen Reported:
        - 11 months in. Incomes up by 13%, large portion to that is due to Zone fees that were collected in July (August last year)
        - Expenses up 8% year over year. There are a number of Zone expenses that were spent in July, as opposed to August last year.
        - MM fees, Hospitality and facility fees from LC Champs has not all been paid yet.
        - Surplus vs deficit – reflexing about 226K compared to projected. Will likely end the year in $5-12K surplus based upon what we can currently see.
        - Actions – Please make sure all invoices are in and can be paid. If you have any checks from PVS, please process as soon as possible. If you have any expenses, please get them paid right away.
        - The 11 Athlete Scholarships have been paid out to the various Universities.
        - All MM fees from LC Champs have been issues.
        - Final billing from Zones are being taken care of.
        - Detail P&L statement was reviewed to show where we stand as of end of July this year vs next year..
        - Minimal surplus compared to past and should be close to the break even point.
            - **Motion to accept the Financial Statement and P&L as presented, seconded and approved.**
    - DEI Committee
        - They are currently working on the Track for Summit. The DEI chairs and committees will be working closely with USA Swimming Staff on the DEI track. There are 4 meetings.

Mission Statement: PVS supports and promotes excellence for all through competition, education, inclusion, and leadership in a safe, equitable environment.

Vision Statement: PVS aims to achieve excellence in and out of the pool as a diverse community grounded in a shared love of competitive swimming.

        - Meeting schedule; First one August 30, Sept. 20 Oct 18, Nov 22 – all on website.
        - **Motion to accept the DEI report as presented, seconded and approved.**
    - Official's report for Reimbursement – the updated document was shared.
    - Official's Reimbursement for Education Travel P&P proposal:
        - A document was shared to show with the proposal, that will support our Officials who are invited to participate in International Swimming Federation Events. For these events, Officials are invited by USA S to officiate. The purpose of this proposal is so rather than every September having to submit a new list of eligible meets and to now include all International Federation meets. These International Meets will be in addition to the three meets. Currently the policy allows for reimbursement for up to three meets with at least one meet at Zone level. This addition to the policy is to help with this extra travel for international travel if the Official is invited. To note: this year: Four Officials from PVS were invited to work at Pan Pacs. All four of these officials worked close to 40 sessions in PVS over the last year.
            - **Motion to approve the P&P changes to the Officials Education Travel Reimbursement, based upon the redline document submitted, seconded and approved (1 negative).**
                - Anytime a meet is 4 full days, will the additional day be accepted? – yes.
                - There were some in attendance who do not see the need for this extra meet to be added. In the past, if Officials went to more than 3 events, have always had to be paid. Feels that 3 reimbursements are generous.
                - Many of these Officials are "required" to be there if they are selected. USA Swimming requests these Officials, but do not financially support the Officials.
                - Officials that attend meets at this level are then able to bring back valuable education and skills to our PVS Officials.
                - All our officials do the "everyday" meets purely as volunteers. This is a way to help those who have continued to move up through the ranks.
                - The meets are any International and can be anywhere in the World. This year Pan Pacs were in the United States.
                - Athlete/Coach questions – comments:

        - How many meets are athletes allowed to apply for travel assistance? Athletes may apply up to 3 meets, but one must be Zone or Sectional level.
- Old Business
    - LC Zones Out brief – There was an increase in participation which is very positive sign for the future. We had 163 athletes attended Zones. Both our Boys and Girls team scored higher than previous year. Swimmers had a terrific time and it was a well run meet.
    - Executive Director Update - As of today only 13 from HOD have voted.
- New Business
    - New Meet Announcement Template – Tech Committee, Kristina has been working hard and creating a template for meets for clubs to use going forward.
        - Did a hard scrub and tried to clean up the meet announcement template. There have been some rule changes/additions and some other wording changes.
        - There are requirements and then a number of items (in bold) are adjustable as per meets.
        - All the links have been fixed
        - Kristina went through the meet announcement and explained the changes and suggested wording.
    - Swimposium –
        - Set for Saturday, October 3 at UMD. There are getting the tracks set up. Dry land, goal setting. Anyone can swim in college and here is how, support mental health for athletes. More info will go out. F&F will be helping with the in water part and well as Positive Swimmer Alliance.
        - Asking all Board Member to complete if they are able to help – will need help with the logistics of the day.

## 2026 Budget Performance

We are eleven months into the 2026 season. Compared to last season, PVS income, excluding unrealized gains, is up **13%** compared to last year at this time and expenses are up 8% year over year. On the **income** side, the overall increase is due to Zones as well as Meet Entry income. The increase reflected in **expenses** is primarily due to the increase in PVS meets driven by the increase in meet management fees, Hospitality allowances, and pool rental fees. Additionally, a portion of Zones' expenses were realized in July as well as Athlete awards.

PVS Equipment Manager Report (8-18-26)

Since we moved the equipment to the new location, I have been inventorying and testing. Mostly to be able to fulfill PVS meets and rental request needs. The current counts by equipment type are attached.

I am working on finishing the equipment testing.

Things I need to do:

1. Complete the equipment testing.
2. Determine what I can repair and what needs to be sent out to Colorado or authorized service provider.
3. Determine additional equipment needs to be purchased to meet PVS requirements.
    a. Possibly need an additional printer (or 2) for connecting to the CTS systems.
4. Update the laptops to windows 11 and get a MS office license for PVS. Get the 4th laptop updated.
5. Finish organizing the storage unit.

Information needed from PVS for planning :

1. The # of working 10 lane sets of equipment PVS wants to maintain.
    a. If CTS system 5's are still acceptable for these sets. I need to test the 2 CTS 5's in inventory.
2. The list of PVS meets, dates, locations and equipment needs for each location for the coming 2026/27 season.
